

Meet Rick

I reside in The Village Of Wrightstown with my wife Jourdan and my two girls Audrey and Sophia.

I am the bassist and share lead and harmony vocals when we play polkas. I am also the guitarist and lead vocalist when we play our rock and country songs.

I've been bit by the music bug at an early age. Since I have been a toddler it has always had a huge influence on me. I am a huge classic rock/heavy metal fan and have a huge LP collection.

I was introduced to polkas by Rick Maroszek our original drummer. We became good friends at work and he had me come to a band practice and here I am today 24 yrs later still going. It's been a great run and hope to see what the future brings for LIVEwire! Here's to another 30! 🍻🍻

My niche is mixing in other styles of music and fusing it in to make good polka songs!

I have a lot of fun playing with this band and seeing the fans dancing and having a great time!

Hope to see you at our next show! Stop by and say hello!
